Career Objective:

Passionate 4th-year Information Technology student seeking an entry-level UI/UX Design or Web Development role. Eager to leverage strong skills in React, JavaScript, HTML/CSS, and Figma to craft clean, user-friendly, and aesthetic digital experiences.

Education

Asian College Dumaguete City Campus Bachelor of Science in Information Technology
Expected Graduation: 2027

Skills

- **Technical Development:** Web Development, HTML5, CSS3, JavaScript, React, Python, Vite, Netlify deployment
- **Design & UI/UX:** UI/UX Design, Figma, Layout Design, Color Theory & Typography, Prototyping, Responsive Design
- **Soft Skills:** Problem-Solving, Creative Thinking, Visual Storytelling, Team Collaboration

Projects & Experience

Web Designer Portfolio

- Designed and built a modern, responsive single-page portfolio application using React and Vite.
- Integrated clean UI principles to showcase web design projects and technical experience to potential employers.

CHÉRI Makeup E-Commerce UI

- Collaborated on a full e-commerce concept UI using Figma, focusing on user journey and product accessibility.
- Designed modular layouts for product browsing, categories, detail selection, and a streamlined shopping cart.

Meme Generator

- Developed a dynamic web app in React allowing customized text overlays on classic meme images.

Achievements & Certifications

- Legacy Responsive Web Design Certification – freeCodeCamp
- Front-End Development Libraries Certification – freeCodeCamp
- EF SET English Certificate (C2 Proficient)
